Message from Editor's Desk

Welcome to all the readers.....

We are very happy to introduce volume I of 12th edition of our bimonthly news letter. As we all know, a newsletter mirrors a college- its vision and mission. It also highlights the event, activities, academic progress and achievements of students. Contribution of teachers and other crucial information related to Pharmacy field are also incorporated in it. In this edition, we have tried to capture the last two months activities. I do hope that the newsletter encourages many more including students to use it as a platform to express their creativity. Please feel free to offer any suggestion for improvement.

Sincerely

Dr. Ravindra Kumar Pandey

Columbia Institute of Pharmacy

It is a great pleasure to introduce Columbia Institute of Pharmacy, a name synonymous with excellence in pharmacy education in the state of Chhattisgarh. Columbia Institute of Pharmacy, Raipur, is run and managed by Jan Pragati Education Society (JPES), established in 2003. Innovation, excellence, and quality are the driving forces behind the vision of the Columbia Institute of Pharmacy, which boasts a proud heritage of academic achievements. The campus is lavishly spread over acres of lush green land, located just 14 km away from the hustle and bustle of the city and 4 km from the Chhattisgarh State Assembly, offering an environment conducive to learning and growth. The institute continues to make relentless efforts to add value to pharmacy, engineering, and management education.

Republic Day Celebration

Columbia Institute of Pharmacy celebrated Republic Day on 26th January 2025. As per the tradition of college the University Toppers of the year Ms. Deeksha Koshley B.Pharm 4th semester (Aggregate topper 1st year), Ms. Pooja Sahu B. Pharm 8th Sem (Aggregate topper 3rd year), and Ankita Bhaduri and Ameya Joshi M. Pharm 1st Sem (Aggregate toppers 8th Sem) hoisted the National Flag on the day. Shri Kishore Jadwani, Chairman, Jan Pragati Education Society motivated the students and faculties by his words on the occasion. The programme ended with sweet distribution.

Field Visit of Students

D. Pharm. I year students of Columbia Institute of Pharmacy underwent field visit at PHC Mandhar, as per the PCI syllabus on 13th February 2025. The field visit helped the students to understand the concepts learnt in the classroom and laboratory in a better way. It also provided real-world experience to the students. The faculty members guided them for the visits were Mr. Rahul Goswami, Mr. Mahendra Sahu & Ms. Bhumika Verma along with member of NSS and UBA.

GPAT Mock Test

Columbia Institute of Pharmacy organized two online mock tests for GPAT exam on 05/02/2025 and 28/02/2025. The test was open for all the students of B. Pharm III and IV year. In last two mock tests more than 52 students have participated. The results of these tests are declared on same day after the test.

Chyawanprash Preparation

We are delighted to share that our talented B. Pharm 1st-year students prepared Chyawanprash under the guidance of teachers. This initiative was proposed by our esteemed Chairman JPES, Shri Kishore Jadwani, and Secretary JPES, Shri Harjeet Singh Hura, to revive the production of Chyawanprash—a hallmark activity of our institution before the Covid-19 pandemic. Under the visionary leadership of Dr. Ravindra Kumar Pandey, Professor & Principal, CIP, this project came to life with the dedicated efforts of the teaching staff, including Mr. Swapnil Lall, Mr. Shailendra Kumar Sharma, Mr. Rahul Kumar, Mr. Gunjan Kalyani, Mr. Mahendra, Mr. Piyush Sahu, and Ms. Anjali Sinha, alongside the continuous support of our hardworking non-teaching staff.

The process began on 18th February 2025 and was successfully completed on 21st February 2025. The freshly prepared Chyawanprash was packed in 250 gms and 500 gms jars and distributed to B. Pharm 1st-year students by Shri Harjeet Singh Hura. The successful completion of this project witnesses the incredible teamwork and dedication.

Basant Panchami Celebration

On February 3, 2025, Columbia Institute of Pharmacy revelled in the vibrant spirit of Basant Panchami. The college campus was abuzz with excitement as the students and faculty gathered to observe the sacred Saraswati Pooja. In keeping with the college's cherished tradition, the entire Columbia family actively participated in the pooja ceremony, invoking the blessings of Goddess Saraswati, the embodiment of knowledge and wisdom. The festivities were made even more special by the delicious Bhog Prasad, lovingly prepared by the faculty members and students of Columbia Institute of Pharmacy. Following the pooja, the delectable Bhog was distributed among all the Columbians, fostering a sense of unity and togetherness.

Annual Sports & Colors

Columbia Institute of Pharmacy, Raipur organized Inter-college annual sports in collaboration with Columbia College of Nursing & Columbia College of Pharmacy. Various competitions were organized including painting competition, best out of waste, salad making competition, flower making competition, mehandi competition, rangoli competition, dance competition, singing competition, anchoring competition and quiz competition. The winners of cultural events were declared on 14th February. Along with all these indoor games various outdoor games were also organized including badminton, table tennis, chess, carrom and cricket.

On 14th February, there was pre colours and prize distribution. Anand mela at is organized at Columbia group of institution in collaboration with 94.3 My FM at afternoon. The students of Columbia group of institution established there food stalls. The coordinator of anand mela was Ms. Sandhya Mishra & Mr. Gunjan Kalyani. In my FM show, students showed their hidden talent in front of audience. In evening, there was a prize distribution ceremony and some dance and singing performance.

On 15th February, the annual function “Colors 2024” was started with floral tribute to goddess Saraswati and lamp lightening. The chief guest of the annual day was Dr. Girish Chnadel, Vice Chancellor, Indira Gandhi Krishi Vishwavidhyalaya, Raipur, who encouraged the students through his speech. There were awards ceremony to students as well as faculties and various colourful programs prepared by the students in the queue. The topper of M. Pharm and B. Pharm students were awarded with gold medal. The faculties were awarded with incentives for their research publications. After that all the faculties and students proceeded for dinner.

Industrial Visit of Students

We are pleased to share that 48 students of B. Pharm 8th semester and 4 faculty members, including Mr. Rahul Kumar, Ms. Manisha Verma, Ms. Anjali Sinha, and Mr. Swapnil Lall, of Columbia Institute of Pharmacy have successfully completed a 10-day Industrial Tour covering Hyderabad, Bangalore, Mysore, Ooty, and Coimbatore. The tour commenced on 18th February and concluded on 27th February.

During this enriching journey, the students had the privilege of visiting Karnataka Antibiotics and Pharmaceuticals Ltd. (KAPL), a government-owned organization in Bangalore, where they gained valuable insights into pharmaceutical manufacturing and industry operations. Additionally, they visited Pasteur Institute of India in Ooty, Tamil Nadu, a prestigious 115-year-old institute known for vaccine production, particularly the DPT group of vaccines. This historic institute provided them with a unique opportunity to understand vaccine research, development, and manufacturing at one of the country's most renowned scientific establishments.

NSS Activities

National Youth Day

NSS Unit of Columbia Institute of Pharmacy celebrated National Youth Day on 12th January 2024 on the occasion of birth anniversary of Swami Vivekanand. On the occasion, all the students gathered in seminar hall of the college for attending the live telecast of National Youth Festival inauguration program and Prime Minister's speech from Nashik, Maharashtra. The programme was coordinated by NSS Incharge Mr. Sagar Sahu. One of the NSS volunteer Mr. Piyush Verma donated blood for social cause on this occasion.

Voting Awareness Rally

NSS Unit of Columbia Institute of Pharmacy organized voting awareness rally on 17/02/2025 in the nearby village Tekari. They made the people of village aware about the importance of their voting.

Saturday Activities

Guest Lecture

Columbia Institute of Pharmacy [CIP], Raipur in association with Indian Pharmaceutical Graduate Association [IPGA] Raipur, organized an open discussion session about IPR on 20/02/2025 by Mr. Rushikesh G. Lavhale, Patent Expert, Technologies IP Solutions, Maharashtra. In which all the faculty members of CIP and CCP were joined enthusiastically. In this session our guest speaker is talked about patents and patent publication and shares a valuable knowledge about patent.

ACHIEVEMENTS

Paper Publication

1. Dr. Ravindra Kumar Pandey published a paper titled “**Development and Optimization of Ranolazine Nanosuspension: A Statistically Designed Approach for Formulation and Pre-Clinical Evaluation**” in **Current Nanomedicine**, Jan 2025; along with, Dr. Shiv Shankar Shukla, Dr. Bina Gidwani, and Dr. Monika Bhairam.
2. Dr. Bina Gidwani published a paper titled “**Preparation, Optimization, and Characterization of Transdermal Patches Containing Aqueous Extract of *Cissus quadrangularis* and *Ginger officinalis***” in **Current Nutrition & Food Sciences**, Jan 2025; along with, Dr. Ravindra Kumar Pandey, Dr. Shiv Shankar Shukla, and Dr. Neha Dubey and Mr. Sagar Sahu.
3. Dr. Monika Bhairam published a paper titled “**Nanomaterial-Based Approaches for Non-Invasive Diabetes Management: The Future of Glycaemic Control**” in **Journal of Drug Delivery Letters**, Jan 2025; along with Dr. Ananta Choudhry, Dhiraj Bhaishya, Himanshi Deka and Nurjamal Hoque.

Books

1. Mr Gunjan Kalyani and Mr Sagar Sahu published a book on title “**Environmental Sciences**” in Probecell Scientific Pvt. Ltd. on Feb 2025, which will serve as textbook for B Pharm II sem students.
2. Mr. Gunjan Kalyani published a book on title “**Essentials for Communication Skills**” in Perfect Writer Publishing House New Delhi, on Feb 2025, which will serve as textbook for B Pharm I sem students.
3. Mr. Gunjan Kalyani and Mr Sagar Sahu published a book on title “**Insight to Pharmaceutical Regulatory Science**” in Chyren Publications Haryana, on Feb 2025 which will serve as textbook for B Pharm VIII sem students.
4. Dr. Neha Dubey, Ms. Shilpa Sahu, Dr. Bina Gidwani, Prof. Shiv Shankar Shukla and Prof. Ravindra Pandey published a book on **Theoretical aspects and practical concepts in Pharmaceutical Analysis I** in Preetam Publication, on Feb 2025, which will serve as textbook for B Pharm I sem students.

Book Chapters

1. Dr. Shiv Shankar Shukla published a book chapter entitled “**From Diagnosis to Cure: A Multifaceted Approach to Bacterial Infection with Emerging Technology**”, under **Bentham Sciences**, Feb 2025, along with Ravindra Kumar Pandey, Dr. Bina Gidwani, Dr. Monika Bhairam, Neha Dubey and Ms. Shilpa Sahu.

Guest Lecture

1. Dr. Beena Gidwani delivered a **Guest lecture** in **INCON 25 International Conference 2025** sponsored by AERB, Mumbai held on 21st -22nd February 2025 at Anjaneya University, Raipur.

Oral Presentation

1. Ms. Shilpa Sahu presented oral presentation on the topic “**Development and Validation of Chemometric Assisted Spectrophotometric Methods for Simultaneous Determination of Probenecid (PBD) and Colchicine (CLN) in Pharmaceutical Dosage Form**” and got “**3rd position**” in **INCON 25 International Conference 2025** sponsored by AERB, Mumbai held on 21st -22nd february at Anjaneya University, Raipur.
2. Mr. Mahendra Sahu presented oral presentation on the topic “**Ethanopharmacological Approaches for the Treatment of Parkinson’s Disease**” in **INCON 25 International Conference 2025** sponsored by AERB, Mumbai held on 21st -22nd february at Anjaneya University, Raipur.
3. Mr. Mahendra Sahu presented oral presentation on the topic “**Spectroscopic Method Development and Validation of Terbinafine Hydrochloride**” in **INCON 25 International Conference 2025** sponsored by AERB, Mumbai held on 21st -22nd february at Anjaneya University, Raipur.

Training Program

1. Dr. Disha Kesharwani and Ms. Sandhya Mishra have attended **One week FDP(online mode)** on “**Navigating Research Grant and Funding opportunities**” from 27 January to 1 February 2025, organized by Vishwakarma University,Pune, Maharashtra.

China's HMPV Outbreak: Signs, Transmission, and Important Information

Human metapneumovirus (HMPV) infections are on the rise in China, raising fears of a second health emergency following the COVID-19 pandemic. The respiratory virus known as HMPV is responsible for both upper and lower respiratory illnesses. The CDC states that while it affects people of all ages, the elderly, small children, and those with weakened immune systems are the most susceptible. It was initially discovered in 2001.

HMPV symptoms are comparable to those of other respiratory infections including the flu. Cough, fever, nasal congestion, and dyspnea are typical symptoms. The virus can cause problems like pneumonia or bronchitis in extreme circumstances. The duration of symptoms varies according to the severity of the infection, and the incubation period for HMPV typically lasts three to six days. Since there is currently no vaccine or specialized antiviral therapy for HMPV, supportive care is provided to infected individuals with an emphasis on symptom relief and averting consequences. Studies indicate that once COVID-19 limits were removed, HMPV incidence may have increased in some areas. When precautions were loosened, the increase in respiratory illnesses was probably caused by decreased immunity from the decrease in viral exposure during lockdowns.

Ms. Vedika Vaishnav
Assistant Professor, CIP

1. If carr's index is 23-35 then flow is
 - a. Excellent
 - b. Fair to passable
 - c. Poor
 - d. Extremely poor
2. Solution of tragacanth in water will show which type of flow
 - a. Plastic
 - b. Newtonian
 - c. Psuedoplastic
 - d. Dilatant
3. Ketoprofen belongs to which BCS class-
 - a. Class I
 - b. Class II
 - c. Class III
 - d. Class IV
4. Chloride and Bicarbonate transport in erythrocyte is example of which type of transport system-
 - a. Uniport
 - b. Symport
 - c. Co-transport
 - d. Antiport
5. The adult dose of paracetamol is 500 mg. what would be the dose for a child who's BSA (Body surface area) is calculated to be 1.12 m²?
 - a. 325 mg
 - b. 250mg
 - c. 125 mg
 - d. 400 mg
6. The units of area under the curve (AUC) are
 - a. cm²
 - b. mg/cm²
 - c. mg/ml/min
 - d. cm²hr
7. Which of the following units of weight measurement are identical in both apothecary and avoirdupois system?
 - a. Grains
 - b. Drams
 - c. Ounces
 - d. Pounds
8. Oily injection are sterilized by
 - a. Dry heat sterilization
 - b. Tyndallisation
 - c. Autoclaving
 - d. U.V. radiation

Students' Thought

All is well and wisely put

The mountain and the squirrel
Had a quarrel,
And the former called the latter
"Little prig."
Bun replied,
You are doubtless very big;
But all sorts of things and weather
Must be taken in together
To make up a year
And a sphere.
And I think it no disgrace
To occupy my place.
If I'm not so large as you,
You are not so small as I,
And not half so spry:
I'll not deny you make
A very pretty squirrel track.
Talents differ; all is well and wisely put;
If I cannot carry forests on my back,
Neither can you crack a nut.

Aastha Ware
B. Pharm. IV sem.

His wisdom and His grace

When God created teachers,
He gave us special friends
To help us understand His world
And truly comprehend
The beauty and the wonder
Of everything we see,
And become a better person
With each discovery.
When God created teachers,
He gave us special guides
To show us ways in which to grow
So we can all decide
How to live and how to do
What's right instead of wrong,
To lead us so that we can lead
And learn how to be strong.
Why God created teachers,
In His wisdom and His grace,
Was to help us learn to make our
world
A better, wiser place.

New Drug Approved in 2025

Merilog

Company: Sanofie

Approval Status: Approved 14/02/2025

Specific Treatments: Diabetes mellitus

Merilog (insulin aspart-szjj) is a rapid acting human insulin analog biosimilar to NovoLog (insulin aspart) indicated to improve glycemic control in adults and pediatric patients with diabetes mellitus.

Mechanism of Action

The primary activity of insulin, including insulin aspart products is the regulation of glucose metabolism. Insulin and its analogs lower blood glucose by stimulating peripheral glucose uptake, especially by skeletal muscle and fat, and by inhibiting hepatic glucose production.

Side Effects

Hypoglycemia, hypokalemia, hypersensitivity.

Less Known Facts About Traditional Food

Pudina chutney

Mint leaves have adaptogen properties that help in calming down the body during the summers. The cool potency of this herb helps in reducing the acidity and heat in the body, that helps create a balance in the body and calm you down, especially during the summers, which helps in improving digestion and gut health. Mint aka Pudina is naturally rich in nutrients like antioxidants, vitamin C, and fiber. The cool potency of mint helps in soothing gut health. In fact, the presence of antibacterial and antiseptic properties help in keeping the gut microbes healthy. It is loaded with Vitamin A, C, K, antioxidants. Boosts digestion, and diabetes management. Mint chutney, or pudina chutney, has many health benefits, including digestive aid, respiratory relief, and immune support. In Ayurveda, mint is used to balance the body's doshas, or imbalances.

Recipe: To begin with this easy Pudina chutney recipe, wash and soak a bunch of mint leaves in water. Drain the water and rinse it well. Meanwhile, take a blender, add in the mint leaves, 3 garlic cloves, 1 inch ginger, 2 green chilies and make a smooth paste. Add in salt, pepper and lemon juice along with chaat masala. Blend it again and enjoy it fresh.

Plant with herbal benifits
Palash (Butea monosperma)

Synonyms: flame of the forest, Bengal kino, dhak, palash, and bastard teak

Butea monosperma is a species of *Butea* native to tropical and sub-tropical parts of South Asia and Southeast Asia. Palash holds cultural and religious significance in India and other parts of South Asia. It is often associated with Hindu festivals and rituals and is considered sacred. The tree is also known as the “Flame of the Forest” due to its fiery red and orange flowers, which are associated with the onset of spring and the festival of Holi.

	Scientific classification	
	Kingdom:	Plantae
	Order:	Fabales
	Family:	Fabaceae
	Genus:	Butea
	Species:	<i>B. monosperma</i>
Nutrient value per 100g		
Carbohydrate : 39.5 g		
Fibre : 5 g		
Protein : 3.5 g		
Calcium : 50 mg		

Morphology: Palash is a deciduous tree native to the Indian subcontinent. It typically reaches a height of 15 to 25 meters. The leaves are trifoliate, with three leaflets, each about 10-15 cm long, and they drop in the dry season. The plant thrives in a variety of habitats, from dry, rocky slopes to moist riverbanks. The striking flowers are bright orange to deep red, appearing in clusters, and they bloom in spring. The roots are used in traditional medicine.

Chemical composition: The chemical constituents of Palash are diverse and include flavonoids like quercetin and kaempferol, which exhibit antioxidant properties and contribute to its vibrant red color. Tannins, another group of compounds found in Palash, have astringent qualities and may have medicinal uses. The plant also contains sterols, which are essential components of plant cell membranes. Additionally, glycosides are present, which can have various biological activities. One notable compound in Palash is butein, responsible for its distinctive red hue and believed to possess antioxidant and anti-inflammatory properties.

Uses: Palash (*Butea monosperma*) possesses pharmacological properties such as anti-inflammatory, antioxidant, antimicrobial, and analgesic effects. It is traditionally used in Ayurvedic medicine to treat various ailments, including skin disorders, pain, and inflammation. Its bioactive compounds contribute to these therapeutic actions, making it a valuable medicinal plant..

Columbia Group of Institutions organises annual function 'Colours'

V-C Dr Girish Kant Chandel addressing annual function. (R) Students giving mesmerising presentation.

Staff Reporter
RAIPUR, Feb 16

COLUMBIA Group of Institutions organised the much awaited annual function 'Colours' with great zeal. The theme of this function was based on 'Back to Golden Era' the Bollywood songs from 1940 to 1960. The function commenced with recitation of Sanskrit Veda.

on the students as they not only exhibit hidden talent but perform excellently in academics. Later, the toppers of B Pharm 2020-24 and M Pharm 2022-24 were awarded Gold Medal in the memory of Late Shri Kailash Chandra Sharma by the family members. Earlier, in his welcome address, Chairman of Columbia Group, Kishore Jadhavani attributed the success to the dedication of staff members and the students. He said that the group is always behind the all round success of students for which various events like workshops, conferences and many more are organised from time-to-time.

Harjeet Singh Hura narrated the importance of team building and Placements, which can take any institution to new heights. He also congratulated the students on their achievements. As usual, the annual reports were presented by Principals of Pharmacy, Engineering, B Ed, Nursing and Science and Commerce streams respectively. Later the academic achievers as well the winners of various events were felicitated. It was followed by a mesmerising cultural programme by the students. Treasurer of Jangpatti Education Society Ravinder Singh Hura proposed a vote of thanks.

Musical performance on sitar by Ustad Parvez organised

Staff Reporter
RAIPUR, Feb 27

CHHATTISGARH unit of Spic Macay organised a mesmerising sitar recital by world-renowned sitar maestro Padma Shri Ustad Shahid Parvez under the SRF Classical Series of Spic Macay at Columbia Educational Institute, Raipur on Thursday.

Sitar maestro Padma Shri Ustad Shahid Parvez presenting soulful rendition of Raag Bhim Padas.

rhythm plays an important role, adding depth to the composition. This is why Indian music has gained global recognition and admiration. The musical presentation reached new heights with the remarkable jugband between Ustad Shahid Parvez and Hafiz Ahmed Ali on the tabla, creating an entrancing experience for the audience.

The synergy between the two artists mesmerized listeners, making the event a truly memorable one. Prior to the performance, Ustad Shahid Parvez was welcomed by the Secretary of the institute Harjeet Singh Hura, while Hafiz Ahmed Ali was felicitated by Treasurer Ravinder Singh Hura. As a token of appreciation, the institute presented mementos symbolising the rich heritage of Chhattisgarh to both artists. The event witnessed the presence of key figures from the Chhattisgarh unit of Spic Macay, including Coordinator Dr Ajay Srivastava, Manjusha Jha, and Soumya Raghuvir, along with principals, faculty members, and a large gathering of students from Columbia Institute. Spic Macay, founded by Padma Shri Dr Kiran Seth, is a cultural movement dedicated to preserving and promoting Indian classical music and heritage among the youth. Through initiatives like classical music and dance performances, folk traditions, yoga, meditation, and crafts, Spic Macay continues to inspire young minds and foster a deeper appreciation for India's rich cultural legacy.

स्विक्र मैके: डिप्रेषन से राहत पाने सुबह राग भीम पलासी और रात में राग दरबारी सुनें

तिरुटि रिपोर्टर | कोलंबिया शिक्षण संस्थान में स्विक्र मैके के एसआरएफ क्लासिकन सीरीज के रहल शास्त्रीय वादन को प्रस्तुति हुई। इस दौरान विस्तार वादन पदा श्री उस्ताद शहिद परवेज़ ने प्रस्तुति दी। उन्होंने विद्यार्थियों को भारतीय संगीत में न केवल सुर और राग बल्कि ताल के आहम योगदान के बारे में भी बताया। रास्य ही उन्होंने राग भीम पलासी में वादनी भी दी। रास्य ही उन्होंने वाद-रस्य को सुबह के समय राग भीम पलासी और रात के समय राग दरबारी सुननी चाहिये।

इस दौरान स्विक्र मैके संस्था की स्थापना करने वाले पदा श्री डॉ. किरण सेठ भी शामिल हुए। उन्होंने छात्रों से भारतीय संगीत और तनाव प्रबंधन के बारे में बात की। डॉ. सेठ ने कहा कि आधुनिक जीवन में रहते हुए 10-12 में स्विक्र मैके को शुरूआत की। ये खुद भी स्विक्र मैके सुनना और गाना पसंद करत था। लेकिन न्यूयॉर्क में फैमिली करने के दौरान मैंने भारतीय संगीत सुना, जिसने मेरी सोच बदल दी। आज की जेनरेशन बजती है, बहुत तनाव है। मैं बजता हूँ, तनाव पहले के लोगों में भी था, लेकिन वो उसे मैनेज करना जानते थे। हम भारतीयों के पास शास्त्रीय संगीत है, जो हर तरह के डिप्रेशन को दूर कर सकता है। दिल्ली आईआईटी में तो शास्त्रीय राग पर रिसर्च भी किया और पाया कि राग को सुनने के बाद ग्राहक डिप्रेशन रिलेक्स फील करत है। दिल्ली आईआईटी के प्लस में तो जगह-जगह स्विक्र लगे हैं, जहाँ समय के अनुसार राग बजाए जाते हैं।
